

The 12 Universal Laws

With Mark Wilkinson's Simple Definition Of Each!

1. The Law of Universal Oneness: *Everything in this universe is connected.*

2. The Law of Attraction: *What we believe, we receive, as like attracts like.*

3. The Law of Vibration: *Everything vibrates, we live in an ocean of motion, nothing rests; we attract what we vibrate in harmony with.*

4. The Law of Correspondence: *Prominent patterns will repeat themselves unless we change them.*

5. The Law of Inspired Action: *Take inspired action towards making our thoughts and feelings come true.*

6. The Law of Cause and Effect: *Whatever we put out into the world will return to us – referred to as Karma.*

7. The Law of Compensation: *You will always be compensated for your efforts and contribution, whatever it is, however much or however little.*

8. The Law of Perpetual Transmutation of Energy: *Everything in the universe is constantly changing; change is the only constant.*

9. The Law of Relativity: *There really is no 'good' or 'bad', but it is simply our thinking that makes it so.*

10. The Law of Gender: *Everything in this universe is composed of complementary male and female energy – referred to as yin and yang.*

11. The Law of Polarity: *Everything in the Universe has an opposite.*

12. The Law of Rhythm: *Everything has a cycle and a rhythm; when we come to understand that all things can and will change, we can come to a place of peace when they do.*
